DJI
DOCK 3

DJI Dock 3 is an innovative solution for continuous remote drone operations. Equipped with Matrice 4D or Matrice 4TD high-performance drones, this system supports mobile vehicle-mounted deployment for the first time, allowing seamless adaptation to various environments. Utilizing the same cameras as the Matrice 4 Series but with enhanced flight and protection performance, DJI Dock 3 ensures more reliable operations. It can also pair with the DJI RC Plus 2 Enterprise for standalone use. With the intelligent features of DJI FlightHub 2, DJI Dock 3 helps reduce operational time and labor costs, maximizing efficiency and savings for your industry.

DJI DOCK 3

Technical Specifications

Aircraft

Weight	: 1850 g
Max. take-off weight	: 2090 g
Dimensions	: 377.7×416.2×212.5 mm
Max Operating Altitude	: 4500 m
Max Flight Time	: 54 minutes
Max Flight Distance	: 43 km
Operating Temperature	: -30° to 50° C (-4° to 122° F)
Ingress Protection	: IP56

Battery

Capacity	: 6768 mAh
Voltage	: 22.14 V
Weight	: 640 g
Charging Temperature	: 5° to 45° C (41° to 113° F)
Energy	: 149.9 Wh

Tele Camera

ISO Range	: DJI Matrice 4D: 100-409600 DJI Matrice 4TD: 100-819200
Max Image Size	: 8192×6144
Photo Format	: JPEG
Video Format	: MP4
Digital Zoom	: 16x (112x hybrid zoom)

54 mins

High-Performance Drones

Flexible Deployment

Unmatched Mobility with Vehicle-Mounted Deployment

DJI Dock 3 enables mobile vehicle-mounted deployment, allowing drones to take off and land from a moving vehicle. This breakthrough technology provides greater flexibility and faster response times, making it ideal for infrastructure inspection, emergency response, and security patrols.

Drone Option:

DJI Matrice 4D

DJI Matrice 4TD

NDTCCS

ABOUT US

Terra Drone is one of the biggest drone service providers in the world offering cutting-edge solutions for aerial survey, infrastructure inspection, data analysis, etc. Terra Drone is headquartered in Japan and has presence in all parts of the world through its partner network of group companies and technology collaborators.

NDT Corrosion Control Services Co. (NDTCCS) was established in 1975, with Head Office in Dammam, Kingdom of Saudi Arabia with branches in other GCC countries. NDTCCS offer our services all over in the GCC with man power strength of around Three Thousand plus (3,000+) technicians & inspectors.

Collaboration between Terra Drone & NDTCCS has been started since 2019. By combining the strong presence of NDTCCS in the region with the innovative drone technology & solution that Terra Drone possesses, the partnership was aimed to introduce drone technology as an innovative solution to many inspection challenges being present in the region. Since then, several initiatives have been carried out to promote the solution, especially in Abu Dhabi (UAE).
