DJI
Matrice 30 Series

The DJI Matrice 30 series represents a cutting-edge evolution in commercial drones. Boasting formidable performance capabilities for heightened operational efficiency, unmatched aerial intelligence for comprehensive data capture, unwavering reliability even in the most challenging environments, exceptional portability to accompany you on any adventure, and unparalleled readiness to conquer uncharted territories whenever you are.

With IP55 protection, the M30 can easily handle adverse weather and temperatures ranging from -20° C～50° C.

Technical Specifications

Aircraft

Weight (without batteries)	: 3700 g
Max. take-off weight	: 4069 g
Max. flight time (no wind)	: 41 min
Max. speed	: 25 m/s
Max. take-off altitude (ASL)	: Max. 7000 m
Wind resistance	: 15 m/s

Wide Camera

CMOS sensor	: 12 MP 1/2''
Video resolution	: 4K/30fps

Zoom Camera

Optical zoom	: 5-16x
Hybrid zoom	: 200x max

Thermal Imaging Camera

Measurement accuracy	: ±2°C or ±2%3
Video resolution	: 640×512@30fps

Laser Rangefinder

Range	: 3 m - 1200 m
Accuracy	: ±(0.2m+D×0.15%)4

DJI Dock Ready

The DJI Dock (M30 Series Dock Version) has flagship-level performance with a maximum operation range of 7 km6, IP55 weather resistance, and resilience in temperatures ranging from -35 ℃ to 50℃7.
Utilizing the DJI Dock, the M30 Series is capable of efficiently recharging its battery from 10% to 90% within a mere 25-minute timeframe.

ABOUT US

Terra Drone is one of the biggest drone service providers in the world offering cutting-edge solutions for aerial survey, infrastructure inspection, data analysis, etc. Terra Drone is headquartered in Japan and has presence in all parts of the world through its partner network of group companies and technology collaborators.

NDT Corrosion Control Services Co. (NDTCCS) was established in 1975, with Head Office in Dammam, Kingdom of Saudi Arabia with branches in other GCC countries. NDTCCS offer our services all over in the GCC with man power strength of around Three Thousand plus (3,000+) technicians & inspectors.

Collaboration between Terra Drone & NDTCCS has been started since 2019. By combining the strong presence of NDTCCS in the region with the innovative drone technology & solution that Terra Drone possesses, the partnership was aimed to introduce drone technology as an innovative solution to many inspection challenges being present in the region. Since then, several initiatives have been carried out to promote the solution, especially in Abu Dhabi (UAE).
