DJI
Zenmuse V1

The Zenmuse V1 is DJI's first dedicated speaker payload, built to deliver loud, clear, and reliable audio from the sky. Designed for seamless integration with the Matrice 350 RTK and Matrice 300 RTK, it enables real-time voice transmission, message playback, and emergency broadcasts—perfect for public safety, search and rescue, and crowd control missions.

With a wide coverage area and intuitive control through the DJI Pilot 2 app, the Zenmuse V1 turns your drone into a powerful tool for communication when every second counts.

Technical Specifications

Aircraft

Dimensions	: 134×119×140 mm (L×W×H)
Weight	: 690±10 g
IP rating	: IP54
Compatible UAV	: M300 RTK, M350 RTK
Operating Temperature	: 20° to 50° C (-4° to 122° F)

Gimbal

Mechanical Range	: Tilt: -125° to +25°
Controllable Range	: Tilt: -120° to +20°
Mounting	: Detachable DJI SKYPORT

Speaker

Impedance	: 4 Ω
Nominal Power	: 25 W
Effective Broadcast Distance	: 500 m
Max Sound Pressure Level	: 127 dB @1 m
Effective Bandwidth	: 800 Hz to 8 kHz

Instant Voice Control with DJI Pilot 2

The Zenmuse V1 integrates with the DJI Pilot 2 app, allowing operators to record, replay, and broadcast messages directly through an intuitive interface. This easy-to-use setup eliminates the need for additional equipment or complex procedures, enabling quick, on-the-fly communication when every moment counts. Whether during fast-moving emergency responses or routine public safety operations, the Zenmuse V1 makes aerial communication simpler, more efficient, and highly effective.

Smaller laser spots, denser point clouds

Multiple Broadcast Modes

MAX
Powerful Sound, Extended Reach

Clear, Directional Recording

Precise Control, Targeted Broadcast

Reliable and Intuitive

Flexible Mounting, Lightweight Build

ABOUT US

Terra Drone is one of the biggest drone service providers in the world offering cutting-edge solutions for aerial survey, infrastructure inspection, data analysis, etc. Terra Drone is headquartered in Japan and has presence in all parts of the world through its partner network of group companies and technology collaborators.

NDT Corrosion Control Services Co. (NDTCCS) was established in 1975, with Head Office in Dammam, Kingdom of Saudi Arabia with branches in other GCC countries. NDTCCS offer our services all over in the GCC with man power strength of around Three Thousand plus (3,000+) technicians & inspectors.

Collaboration between Terra Drone & NDTCCS has been started since 2019. By combining the strong presence of NDTCCS in the region with the innovative drone technology & solution that Terra Drone possesses, the partnership was aimed to introduce drone technology as an innovative solution to many inspection challenges being present in the region. Since then, several initiatives have been carried out to promote the solution, especially in Abu Dhabi (UAE).
