TerraDrone

NDTCCS

Nolvis M1

A field ready industrial drone for surveying, mapping, inspection, and other demanding applications. With up to 90 minutes of flight time and a maximum payload of 5.5 lb, M1 is built for extended operations while remaining compact and easy to deploy in the field.

Its quick release gimbal allows payloads to be changed without tools or recalibration, making it easy to switch between different missions. Built in NTRIP, RTK, and PPK support provides accurate positioning for surveying and mapping applications.

Technical Specifications

Aircraft

Max Payload	: 2500 g
Weight (with battery)	: 3610 g
Max Takeoff Weight	: 6110 g
Dimensions	: Unfolded : 1135 × 1015 × 290 mm Folded : 411.5 × 275 × 315 mm
Max Transmission Distance	: 10 km (Omnidirectional Antenna) 15 km (Directional Antenna)
Est. Maximum Hover Time	: 90 min excl. payload
Max Flight Speed	: 18 m/s
GNSS	: Dual RTK GNSS & E-heading support
RTK GNSS Accuracy	: 1 cm + 1 ppm
IP Rating	: IP 44
Max Wind Resistance	: 15 m/s
Operating Temperature	: -10 °C to 50 °C
Power	: 438 Wh
FPV Camera	: 1080P FOV 120° night vision supported

Payload

LR1 - Camera

NV1 - EO/IR Multi Sensor

NL1 - LiDAR

One Aircraft, Every Mission.

A modular payload system enables the M1 to adapt to surveying, mapping, inspection, and LiDAR missions. Quick release payloads can be changed without tools or recalibration, giving one aircraft the flexibility to support multiple applications.

Nolvis Pilot
7-inch, 1,000-nit sunlight-readable controller

2.5 kg
High payload capacity

90 Min
Flight Time

Quick payload change

Easy deployment

NDTCCS

ABOUT US

Terra Drone is one of the biggest drone service providers in the world offering cutting-edge solutions for aerial survey, infrastructure inspection, data analysis, etc. Terra Drone is headquartered in Japan and has presence in all parts of the world through its partner network of group companies and technology collaborators.

NDT Corrosion Control Services Co. (NDTCCS) was established in 1975, with Head Office in Dammam, Kingdom of Saudi Arabia with branches in other GCC countries. NDTCCS offer our services all over in the GCC with man power strength of around Three Thousand plus (3,000+) technicians & inspectors.

Collaboration between Terra Drone & NDTCCS has been started since 2019. By combining the strong presence of NDTCCS in the region with the innovative drone technology & solution that Terra Drone possesses, the partnership was aimed to introduce drone technology as an innovative solution to many inspection challenges being present in the region. Since then, several initiatives have been carried out to promote the solution, especially in Abu Dhabi (UAE).
